Replaceable panels:

PVC cover 650 g/m²
Anti-UV and anti-fungal treated

Average cover weight:

1350 g/m²

Fasteners & hooks:

For safety: with straps and stainless steel ratchets on the widths (fast and simple)

For bad weather: anti-lifting kit with cabiclic cords on the lengths or WINDSAFE SYSTEM (optional)

Unroll system:

With unrolling strap

Roll-up system:

Manual crank (two cranks for pools over 50 m²)

Motorisation (option):

RollPower

Pool safety cover designed to protect children under 5 years old.

Warning: This cover is not a substitute for common sense and individual responsibility. It doesn't replace an adult supervision, which remains the most essential in the protection of young children.

About the product

Thanks to the reversed aluminium profiles and flat end pieces, WaluCover STARLIGHT is even easier to handle. Panels as well as bars can be replaced individually on site if an issue occurs. Following security guidelines while maintaining a sleek look. Patent created by WALTER.

Rectangular pools only

**11x5,5m
MAX**

Pool dimensions

20cm

Cover overlap

Winding crank

Unwinding strap

Available options

| | Perks if chosen |
|---|--|
| RollPower motorisation, sold separately from the cover (for pools up to 11 x 5 m) | Allows for an effortless winding |
| WINDSAFE SYSTEM* : anti-lifting and anti-leaves straps | No drilling necessary on lengths |
| Aluminium replacement profile for coping, cut to size with polyamide end pieces (required for stairs located on the length of the pool) | |
| Flap for stairs (rectangular shape) | |
| Cut-out for ladder or filtering unit (only on the width of the cover) | |
| Quick Fastening System* for safety cover for pools without ladder/stairs | Eases daily handling |
| Quick Fastening System* for safety cover for pools with ladder or stairs | Eases daily handling |
| Adjustable fastener | Allows to be fixed at requested distance |
| PVC Protection sheath for anchor bolts, colour of your choice among: sand, light grey or anthracite grey | Protects coping, perfect integration and nicely manufactured |
| Guiding wheel for winding crank | Eases the winding and protects the flooring |

Handling of the cover

Covers are delivered with their winding crank (two cranks for pools over 50 m²) and their unwinding strap.

crank winding : 1 person in less than 3 minutes (or 2 persons for pools over 50 m²)

unwinding strap : Pulling, securing, fastening in less than 3 minutes.

Handling video

ROLLPOWER

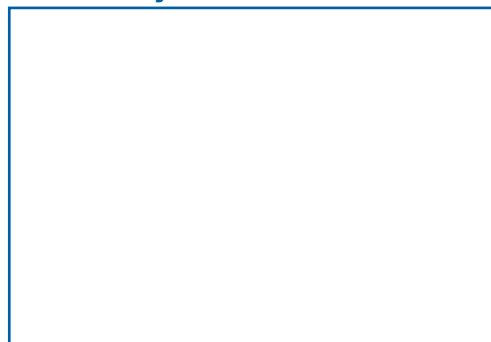

Optional

When rolling up your bar cover becomes so easy! Effortlessly and in less than 3 minutes (for a 9 x 4.50 m pool). Robust and stable thanks to its large diameter wheels. At the end of winding, the "Reverse" function allows ROLLPOWER to be easily released.

Walter Pool develops, produces and sells a wide range of swimming pool covers, mainly in Europe. The production plant is based in Brumath in Alsace (France). The company has been active since **1992** and since 2020 has been part of the **TSPH family** industrial group, leader in the swimming pool market in **Europe**. Walter Pool provides mobile terraces as well as pool accessories.
