# WaluCover

POOL SAFETY BAR COVERS WITH INTERCHANGEABLE PANELS

# WOODSTAR

**WOODSTAR** is specially designed for above-ground wooden swimming pools. The special shapes are made with angled edges.

## Technical features

**Replaceable bars:**  
Double-grooved anodised Aluminium

½ round profiles ø 44 mm:

**Replaceable panels:**  
PVC cover 650 g/m<sup>2</sup>  
Anti-UV and anti-fungal treated

**Average cover weight:**  
1350 g/m<sup>2</sup>

**Fixations on pool length:**  
Cable cords and stainless steel hooks

**Fixations on pool width:**  
Straps and stainless steel ratchets on the widths (fast and easy)

**Uwind system:**  
With unwinding strap

**Winding-up system:**  
Handwheel  
or winding crank (on demand)

Pool safety cover designed to protect children under 5 years old.

**Warning:** This cover is not a substitute for common sense and individual responsibility. It doesn't replace an adult supervision, which remains the most essential in the protection of young children.

## About the product

Specially designed for above ground wooden swimming pools, WaluCover WOODSTAR is equipped with a clever handwheel winding system. Whether the pool is rectangular or special-shaped, with or without stairs, WaluCover WOODSTAR will fit in most cases. The panels as well as the anodized aluminum bars of WaluCover WOODSTAR are interchangeable and can therefore be replaced individually on site. If necessary: maintenance of the safety system and impeccable aesthetics. Patent created by WALTER.

**Above-ground pool**

**Ladder and filter bloc compatible (on pool width only)**

**Pool dimensions**

**Integrated stair flap**

**Cover overlap**

**Separate stair flap**
